

INSTITUTE ENERGIZER

Dear *Mauro*

Congratulations on winning the **Institute Energizer** which is awarded for energy, enthusiasm and effervescence in the Master Trainer Program.

An Institute Energizer is a lighthouse, always smiling and happy, consistently going the extra mile and is a role-model for others. In particular, your bright personality and ability to energize the group stood out during the Master Trainer Program.

Throughout your journey in completing the Certificate III & IV in Fitness, you have always displayed our values of Fresh, Fun and Friendly. We believe these will help you excel in your new fitness career and that you will be a proud ambassador of the Australian Institute of Fitness.

An Institute Energizer should have every chance of success in the fitness industry and on behalf of the Institute, I would be happy to recommend you for any personal training role in the fitness industry.

Sincerely

Campus Skipper
